Assistance to Dhabol Power Projects From Indian Financial Institutions

2812. SHRI DIPANKAR MUKHERJEE: Will the Minister of POWER be pleased to state:

(a) whether IDBI is financing Rs. 1500 crores for Dhabol Power Corporation in Maharashtra;

(b) if so, whether Government's stipulation lays down that not more than 40% spending can be done by the Indian Financial Institutions in such projects;

(c) if not, what is the amount financed by IDBI for this Project and at what interest; and

(d) whether Government are taking steps to ensure that the Indian Financial Institutions financing the project are getting the equity share at par?

THE MINISTER OF STATE IN THE MINISTRY OF POWER (SHRI P.V. RANGAYYA NAIDU): (a) and (c) The Dabhol Power Company (DPC) is seeking commitments for approxmiately Rs. 600-700 crores in Rupee term loans from Indian Financial Institutions including IDBI. The interest on the loan will be 17.5% per annum.

(b) Yes Sir.

(d) The onus of raising finances for a private power project lies on the promoter. The financial institutions including Indian Financial Institutions make their own appraisal of the project and decide on financing a project on the basis of their commercial judgement.
